## FOREWORD

After taking over charge of the Ministry of Statistics and Programme Implementation in May, 2004, my endeavour has been to bring about all round improvement in the Programmes/Schemes of the Ministry. My attention was specifically attracted to the implementation of the Member of Parliament Local Area Development Scheme (MPLADS) about which I was also concerned earlier as Member of the MPLADS Committee of Rajya Sabha.

The MPLAD Scheme is governed by a set of guidelines notified in April, 2002. Since then, several circulars were issued clarifying various provisions of the Guidelines. Further, certain other provisions needed to be modified in order to bring about further improvement in the implementation of the Scheme. Consequently, a need for revision of the guidelines was felt by the Ministry. I had the good opportunity of having inter-active discussions with the Hon'ble Members of Parliament in four batches from August to December, 2004 and could get their valuable suggestions. After taking into account in suggestions of the Hon'ble Member of Parliament, MPLADS Committees of Parliament and other relevant observations of the Comptroller and Auditor General of India, the Guidelines have been comprehensively revised.

The revised Guidelines inculcate financial discipline at the district level, monitoring of MPLADS works and clearly demarcating the functioning at the Panchayat, Block, District and State levels. The illustrative list of permissible items has been removed and only the list for non-permissible items has been provided. It means the works which are not covered in the non-permissible list can be taken up under MPLAD scheme. While retaining the maximum limit of Rs. 25 lakhs of works for the Trusts and Societies from the MPLADS; the maximum limit of cost of Rs. 25 lakh for each work stipulated in the earlier Guidelines has been deleted.

I am happy in releasing the Revised Guidelines to all concerned and hope that this will meet their requirement and will be helpful in bringing about the improvement in the Scheme implementation.

## PREFACE

The implementation of the Member of Parliament Local Area Development Scheme (MPLADS) is governed by a set of Guidelines which were first issued in February, 1994 and have been updated and revised from time to time. The last revision was made in April, 2002. We have now undertaken comprehensive revision of the Guidelines keeping in view the recommendations of the MPLADS Committees of the Parliament, observations made by the Comptroller and Auditor General of India in his two reports, suggestions made by Members of Parliament and provisions of the new General Financial Rules issued by the Ministry of Finance.

The revised Guidelines are simple, clear and understandable to all concerned. The notable features of the Guidelines are the removal of the limit of Rs. 25 lakh on individual works to be executed by Govt. Departments/Agencies, deletion of illustrative list of permissible items, clear demarcation of the role of the Implementing Agency, District Authority, State Government and the Government of India. Some new provisions made in the Guidelines include the development of areas inhabited by Scheduled Castes and Scheduled Tribes; special provision for natural calamities like floods, droughts etc.; and also for education and cultural development. In order to bring about financial discipline at the implementation level, the release and management procedure of MPLADS funds has been streamlined. Monitoring through the software developed by the Ministry of Statistics and Programme Implementation has also been provided in these Guidelines.

Since inception of the Scheme, as on 1<sup>st</sup> November, 2005, Rs. 14,308.80 crore have been released by Government of India to various districts. Out of the released amount, Rs. 12,732.16 crore have been utilized by the Nodal Authorities in the districts. Further, out of a total of 8,77,571 works sanctioned under the Scheme, 7,76,675 works have so far been completed. The percentage of utilization of release is 88.98 and that of works completed to sanctioned is 88.43. With the revision of the Guidelines, it is expected that the utilization of funds under MPLADS would further improve filling the gap in infrastructure at the local level.

I hope that these Guidelines with the features indicated above will prove an effective tool for proper implementation of the MPLAD Scheme.

**GUIDELINES**  
**ON**  
**MEMBERS OF PARLIAMENT LOCAL AREA DEVELOPMENT SCHEME**

**1. BACKGROUND**

- 1.1 The general public approach Members of Parliament (MPs) for provision of certain basic facilities including community infrastructure in their areas. Government of India considered the need for a mechanism to respond to such requests and decided to have a scheme to meet the felt needs of the people.
- 1.2 On 23<sup>rd</sup> December 1993 Prime Minister announced in the Parliament the Members of Parliament Local Area Development Scheme (MPLADS). Initially the MPLADS was under the control of the Ministry of Rural Development. The Guidelines were issued in February 1994, covering the concept, implementation and monitoring of the Scheme. The subject relating to the MPLADS was transferred to the Ministry of Statistics and Programme Implementation in October 1994. The Guidelines were periodically updated in December 1994, February 1997, September 1999 and lastly in April 2002. With the experience gained over a decade, and having considered the suggestions made by the Members of Parliament in the inter active discussions taken by the Minister of State (Independent Charge) of the Ministry of Statistics and Programme Implementation; MPLADS Committees of the Parliament; Planning Commission and Comptroller and Auditor General of India in its two Reports; it was felt necessary to carry out a comprehensive revision of the Guidelines.
- 1.3 The objective of the scheme is to enable MPs to recommend works of developmental nature with emphasis on the creation of durable community assets based on the locally felt needs to be taken up in their Constituencies. Right from inception of the Scheme, durable assets of national priorities viz. drinking water, primary education, public health, sanitation and roads, etc. are being created.
- 1.4 In 1993-94, when the Scheme was launched, an amount of Rs. 5 lakh per Member of Parliament was allotted which became Rupees one crore per annum from 1994-95 per MP constituency. This was stepped up to Rs. 2 crore from 1998-99.
- 1.5 The Ministry of Statistics and Programme Implementation has been responsible for the policy formulation, release of funds and prescribing monitoring mechanism for implementation of the Scheme. A Department in the State or the

Union Territory (UT) is designated as the Nodal Department with the overall responsibility of supervision, monitoring and coordination of the MPLADS implementation with the districts and other Line Departments. The Government of India informs the State Nodal Department about the MPLADS funds release to the District Authorities. The District Authorities report the status of MPLADS implementation to the Government of India and State Nodal Department. The District Authority gets the MPLADS implemented through Local Self Governments or through Government agencies. In some cases, the District Authority engages reputed Non Government Organizations (NGOs) for execution of MPLADS works.

## **2. FEATURES**

- 2.1 The MPLADS is a Plan Scheme fully funded by Government of India. The annual MPLADS fund entitlement per MP constituency, is Rs. 2 crore.
- 2.2 Lok Sabha Members can recommend works for their respective constituencies. Elected Members of Rajya Sabha can recommend works for implementation in one or more districts as they may choose in the State of their election. Nominated Members of Lok Sabha and Rajya Sabha can recommend works for implementation in one or more districts anywhere in the country.
- 2.3 The choice of the Nodal District shall be furnished by Lok Sabha and Rajya Sabha Members to the Director (MPLADS) of the Ministry of Statistics and Programme Implementation with copy to the State Nodal Department and the District Authority in the format at **Annex-I**. In case a Lok Sabha constituency covers more than one district, the Member of Lok Sabha may choose one of the districts as the Nodal District.
- 2.4 All works to meet the locally felt community infrastructure and development needs with emphasis on the creation of durable assets in the respective constituency are permissible under MPLADS except those prohibited in **Annex-II**. MPs may choose some works for creation of durable assets of national priorities namely drinking water, education, public health, sanitation, and roads under the Scheme.
- 2.5 **Development of Areas inhabited by Scheduled Castes and Scheduled Tribes:** There is a greater need to develop areas inhabited by Scheduled Castes (SCs) and Scheduled Tribes (STs). It is necessary that special attention is given for infrastructural development of such areas. The MPs are to recommend every year such works costing at least 15% of MPLADS fund for areas inhabited by Scheduled Caste population and 7.5% for areas inhabited by Scheduled Tribe

population. In other words, permissible works costing not less than Rs. 30 lakh out of the annual allocation of Rs. 2 crore per MP shall be recommended for areas inhabited by SC population and Rs. 15 lakh for areas inhabited by ST population. In case, a constituency does not have ST inhabited area, such fund may be utilized in SC inhabited areas and vice-versa. It shall be the responsibility of the District Authority to enforce this provision of the Guidelines.

- 2.6 Each MP will recommend works up to the annual entitlement during the financial year preferably within 90 days of the commencement of the financial year in the format at **Annex-III** to the concerned District Authority. The District Authority will get the eligible sanctioned works executed as per the established procedure laid down by the State Government for implementation of such works subject to the provision in these Guidelines.
- 2.7 **Natural Calamities:** MPLADS works can also be implemented in the areas affected by the calamities like floods, cyclone, Tsunami, earthquake, tornado and drought. Lok Sabha MPs from the non-affected areas of the State can also recommend permissible works up to a maximum of Rs.10 lakh per annum in the affected area(s) in that State. The funds would be released by the Nodal district of the MP concerned to the District Authority of the affected district. MPLADS funds may be pooled by the District Authority of the affected district for works permissible in the Guidelines. The Works Completion Report, Utilization Certificate and Audit Certificate for such works and funds will be provided by the District Authority of the affected districts to the respective District Authority from whom the funds were received.
- 2.8 In the event of “**Calamity of severe nature**” in any part of the country, an MP can recommend works up to a maximum of Rs.50 lakh for the affected district. Whether a calamity is of severe nature or not, will be decided by the Government of India. The funds in this regard will be released by the District Authority of Nodal district of the MP concerned to the District Authority of the affected district to get permissible works done. The Works Completion Report, Utilization Certificate and Audit Certificate for such works and funds will be provided by the District Authority of the affected districts to the respective District Authority from whom the funds were received.
- 2.9 If an elected Member of Parliament finds the need to promote education and culture of a State/UT wherefrom the MP is elected at a place outside that State/UT, the MP can select works relating to education and cultural development not prohibited under these Guidelines up to maximum of Rs10 lakh in a financial

year. In such cases, the Nodal District Authority will be fully responsible for coordination and other functions bestowed on him in the Guidelines. The works Completion Report, Utilization Certificate and Audit Certificate for such works and funds will be provided by the District Authority of the districts concerned to the respective District Authority from whom the funds were received.

- 2.10 **District Authority:** District Collector/District Magistrate/Deputy Commissioner will generally be the District Authority to implement MPLADS in the district. If the District Planning Committee is empowered by the State Government, the Chief Executive Officer of the District Planning Committee can function as the District Authority. In case of Municipal Corporations, the Commissioner/Chief Executive Officer may function as the District Authority. In this regard if there is any doubt, Government of India in consultation with the State/UT Government, will decide the District Authority for the purpose of MPLADS implementation.
- 2.11 **Implementing Agency:** The District Authority shall identify the agency through which a particular work recommended by the MP should be executed. The executing agency so identified by the District Authority is the implementing agency. The Panchayati Raj Institutions (PRIs) will preferably be the Implementing Agency in the rural areas and works implementation should be done through Chief Executive of the respective PRI. The Implementing Agencies in the urban areas should preferably be urban local bodies and works implementation should be done through Commissioners/Chief Executive Officers of Municipal Corporations, Municipalities. Further, the District Authority may choose either Government Department unit or Government agency or reputed Non-Governmental Organization (NGO) as capable of implementing the works satisfactorily as Implementing Agencies. For purposes of execution of works through Government Departments, District Authority can engage units for example, Public Health Engineering, Rural Housing, Housing Boards, Electricity Boards, and Urban Development Authorities etc, as Implementing Agencies.

### 3. IMPLEMENTATION

- 3.1 Each MP shall recommend eligible works on MP's letter head duly signed. A letter format from the MP to the District Authority is at **Annex-III**. Recommendations by representative(s) of MPs are not admissible.
- 3.2 In case a constituency comprises more than one district, and the MP wishes to recommend works in the district other than the Nodal District, the works list in the prescribed format shall be given to the District Authority of the Nodal

District with copy to the District Authority in whose jurisdiction the proposed works are to be executed. The District Authority in whose jurisdiction, the proposed works are to be executed, will maintain proper accounts, follow proper procedure for sanction and implementation for timely completion of works. The District Authority will furnish monthly progress reports, work completion reports, and audit certificates for such works to the Nodal District Authority.

- 3.3 The District Authority shall identify the Implementing Agency capable of executing the eligible work qualitatively, timely and satisfactorily. The District Authority shall follow the established work scrutiny; technical, work estimation, tendering and administrative procedure of the State/UT Government concerned in the matter of work execution, and shall be responsible for timely and effective implementation of such works.
- 3.4 The work and the site selected for the work execution by the MP shall not be changed, except with the concurrence of the MP concerned.
- 3.5 Where the District Authority considers that a recommended work cannot be executed due to some reason, the District Authority shall inform the reasons to the MP concerned, under intimation to the Government of India and the State/UT Government within 45 days from the date of receipt of the proposal.
- 3.6 The District Authority should get in advance a firm commitment about the operation, upkeep and maintenance of the proposed asset from the User Agency concerned before the execution of the work is sanctioned.
- 3.7 The District Authority may sanction works as per the recommendation of the MP up to the full entitlement. However, the release of funds will be regulated as specified in these Guidelines.
- 3.8 If the estimated amount for a work is more than the amount indicated by the MP for the same, MP's further consent is necessary before the sanction is accorded.
- 3.9 The work should be sanctioned and executed only if the MP concerned has allocated the full estimated cost of the work in the year. If the commitment for the full estimated amount is not forthcoming and the amount recommended by the MP is less than the estimates for the work and there are no other sources

from which the deficit can be made good, then the work should not be sanctioned, as in such an eventuality, the project will remain incomplete for want of sufficient funds. The shortfall in the estimated cost vis-à-vis the one recommended by the MP should be intimated to the MP within 45 days of the receipt of the proposal.

- 3.10 In case, more than one list of recommendations is received by the District Authority, the priority will be as per the principle of first received to be first considered.
- 3.11 All works for which recommendations are received in the office of the District Authority till the last date of the term of the MP are to be executed, provided these are as per norms and within the entitlement of MPLADS funds of the MP. Such works cannot be changed by MP even if the MP is reelected. It shall be the responsibility of the Nodal District Authority to scrutinize all such recommended works within 45 days of the last date of the term of office of the MP either to accord necessary sanction as per the Guidelines, or to intimate the outgoing/former MP about the rejection with reasons.
- 3.12 On receipt of the recommendation from the MP, the District Authority should verify the eligibility and technical feasibility of each recommended work. All such eligible works should be sanctioned within 45 days from the date of receipt of recommendation. In case of delay due to genuine reasons, a clarification for delay should be incorporated in the sanction letter. The same may be intimated to the MP and State/UT Government. If a recommended work is not eligible or not feasible, the District Authority shall intimate the same with reasons to the MP concerned, the Government of India and State/ UT Government.
- 3.13 The sanction letter/order shall stipulate a time limit for completion of the work to the Implementation Agency. The time limit for completion of the works should generally not exceed one year. In exceptional cases, where the implementation time exceeds one year, specific reasons for the same shall be incorporated in the sanction letter/order. The sanction letter/order may also include a clause for suitable action against the Implementation Agency in the event of their failure to complete the work within the stipulated time as per the State Government Procedure. A copy of the sanction letter/order shall be sent to the MP concerned.
- 3.14 Decision making powers in regard to technical, financial and administrative sanctions to be accorded under the Scheme, vest in the district level functionaries. To facilitate quick implementation of projects under this Scheme,

full powers should be delegated by the State/UT Governments to the district functionaries. The District Authorities will have full powers to get the works technically approved and financial estimates prepared by the competent district functionaries before according the final administrative sanction and approval. The District Authority should, before sanctioning the work, ensure that all clearances for such works have been taken from the competent authorities and the work conforms to the Guidelines.

- 3.15 The work, once recommended by the MP and sanctioned by the District Authority may be cancelled if so desired by the MP only, if the execution of the work has not commenced and the cancellation does not lead to any contractual financial liability/ cost on the Government and also subject to Paragraph 3.11. If for some compelling, reasons, stoppage/abandonment of a work in progress becomes inevitable; the matter should be referred to the State Nodal Department with full justification for a decision under intimation to the Government of India and to the MP concerned.
- 3.16 On receipt of the recommendation of the works from the MP, and issue of the work sanction order by the District Authority, the District authority should ensure that details of the work sanctioned are entered in the Input Format (**Annex-IV A,B,C,D, and E**) and uploaded in the MPLADS website ([www.mplads.nic.in](http://www.mplads.nic.in)) or transmitted to the Ministry of Statistics and Programme Implementation for hoisting in its web site. District Authorities will take steps to ensure that all works so sanctioned with effect from 1<sup>st</sup> April 2005 are entered and transmitted to the Ministry for website hoisting. For the previous years works already executed or under execution need the similar process and all entries are made in a time bound manner. In all cases of doubts, the Software Manual for Monitoring of Works under MPLADS already released and available in the website may be referred to.
- 3.17 MPLAD Scheme can be converged with the Central and State Government schemes provided such works are eligible under MPLADS. Funds from local bodies can also be pooled for MPLADS works. Wherever such pooling is done, funds from other scheme sources should be used first and the MPLADS funds should be released later, so that MPLADS fund results in completion of the work.
- 3.18 The MPs concerned can recommend the use of MPLADS funds towards the State Government share in a Centrally Sponsored Scheme being implemented in their constituencies, provided the works under the Centrally Sponsored Scheme are permissible under MPLADS.

- 3.19 Public and community contribution to the works recommended by MPs is permissible. In such cases, MPLADS funds will be limited to the estimated amount minus the public and community contribution.
- 3.20 There are Central and State Government Schemes which provide for the public and community contribution. MPLADS funds shall not be used to substitute the public and community contribution in any Central/State Government Programme/Scheme, which includes a component of such contribution.
- 3.21 Community infrastructure and public utility building works are also permissible for registered Societies/Trusts under the Scheme, provided that the Society/Trust is engaged in the social service/welfare activity and has been in existence for the preceding three years. The existence of the Society/Trust shall be reckoned from the date it started its activities in the field, or the date of registration under the relevant Registration Act, whichever is later. The beneficiary Society/Trust shall be a well established, public spirited, non profit making entity, enjoying a good reputation in the area. Whether such a society/trust is well reputed or not, should be decided by the District Authority concerned on the basis of relevant factors, like performance in the field of social service, welfare activities, non-profit orientation of its activities, transparency of its activities and sound financial position. The ownership of the land may remain with the Society/Trust, but the structure constructed with MPLADS funds shall be the property of State/UT Government. The Society/Trust shall undertake to operate, maintain and up keep at its cost the asset created under MPLADS. If at any time, it is found that the asset created with MPLADS funds is not being used for the purpose for which the asset was funded, the State/UT Government may take over the asset and proceed to recover from the Society/Trust, the cost incurred from MPLADS for the creation of asset along with interest at the rate of 18% per annum calculated with effect from the date of use of MPLADS fund for the works concurred. A formal agreement (a model agreement form is at **Annex-V**) will be executed by the Society/Trust with the District Authority in favour of the Government in advance for the purpose. This agreement will be registered under the relevant Registration Act on a non-judicial stamp paper of Rs.10 or more, as is applicable in the State/UT. No stamp duty would be required to be paid for registration as there is no formal transfer of assets. Not more than Rs.25 lakh can be spent from MPLADS fund for one or more works of a particular Society/Trust. If a Society has availed of the MPLADS funds up to Rs. 25 lakh, no more work can be recommended for that Society/Trust under the Scheme. The MPLADS funding is not permissible to a Society/Trust, if the recommending MP or any of his/her family members is

the President/Chairman or Member of the Managing Committee or Trustee of the registered Society/Trust in question. Family members would include MP and MP's spouse which would comprise of their parents, brothers and sisters, children, grandchildren and their spouses and their in-laws.

- 3.22 As soon as a work under the Scheme is completed, it should be put to public use. For greater public awareness, for all works executed under MPLADS a plaque (stone/metal) carrying the inscription 'Member of Parliament Local Area Development Scheme Work' indicating the cost involved, the commencement, completion and inauguration date and the name of the MP sponsoring the project should be permanently erected.
- 3.23 List of all completed and ongoing works with MPLADS funds should also be displayed at the District Authority Office and posted in the website for information of the general public.
- 3.24 As per the provisions of the Right to Information Act, 2005 and the Rules framed thereunder, all citizens have the right to information on any aspect of the MPLAD Scheme and the works recommended/ sanctioned/ executed under it. This may include any information on works recommended by the MPs, works sanctioned/ not sanctioned, cost of works sanctioned, Implementing Agencies, quality of work completed, User's Agency etc. The District Authorities are responsible to provide such information to the public in the manner as required under the Right to Information Act 2005.

The stipulations at (i) and (ii) above will be calculated from the Monthly Progress Report to be sent by the District Authorities for each sitting and former MP term-wise separately. **Annex-VI** is the format in which the Monthly Progress Report is to be sent by the District Authorities.

However, for release of 2<sup>nd</sup> instalment of 2005-06 of new MPs of 14<sup>th</sup> Lok Sabha and MPs of Rajya Sabha who have been elected in the year 2004-05, only Utilization Certificate for the funds released during 2004-05 would be required. - 4.16 The interest accrued on the funds released under the Scheme, to the District Authority is to be used for permissible works recommended by the MP concerned. The interest accrued on the funds released under the Scheme to the Implementing agencies shall be calculated while arriving at the savings for each work. The savings for each work shall be refunded to the District Authority within 30 days of the completion of the work.
- 4.17 **Contingency Expenses:** The District Authority can utilize up to 0.5% of the amount spent on completed projects in a year under MPLADS as 'contingency expenses' on the items like (i) Purchase of Stationery; (ii) Office equipment including computer (excluding laptop); (iii) Telephone/fax charges, postal charges; and (iv) Expenses incurred (a) to make MPLADS works monitoring
