ECONOMIC ADVISER TO GOVERNMENT PUNJAB

FOREWORD

I am pleased to note that Economic & Statistical Organisation of Punjab has come out with “Infrastructure Statistics 2014”. The “Infrastructure Statistics” is published annually by Economic and Statistical Organization of Punjab since 2011 as recommended by Rangarajan Commission. It contains Statistical information on various aspects of infrastructure i.e. Roads, Railways, Airways, Energy, Telecommunication, Irrigation and Storage etc.

It is indeed a valuable document which would help the policy makers in the assessment planning of infrastructure in state, thus facilitating the growth and development of country. In this issue basic data relating to infrastructure is shown in charts / graphs with a view to present data in a logical manner. For its wider use and easy availability it has been placed on department’s website www.esopb.gov.in.

I appreciate the efforts made by Economic Adviser and his entire team for bringing out this voluminous data based document regularly every year . I am grateful to various central and state government departments concerned for their valued cooperation in providing data for bringing out this publication.

PREFACE

As recommended by Rangarajan Commission, a consolidated Publication on Infrastructure Statistics was prepared by CSO. The publication contains Statistical information on various aspects of infrastructure that was recommended by the Standing Committee on Infrastructure Statistics (SCINS) to be considered as sub sectors. After that CSO has prepared Manual on Infrastructure Statistics to guide State Statistical offices in preparing Statistical publication on statistics at State Level.

It was felt that a similar publication is required at state level that would facilitate the planning of Infrastructure at state level. Thus this publication on Infrastructure Statistics is prepared which contains information on roads, railways, airways, energy, telecommunication, irrigation & storage etc. It is expected that this publication would help the policy makers in the assessment and planning of Infrastructure in the state, thus facilitating the growth & development of the country.

This report has been prepared by Smt. Sarbjit Kaur, Research Officer with the assistance of Ms. Mandeep , Statistical Analyst under the supervision & guidance of Sh. Parminder Singh Walia, Director.

This publication was never possible without the help of Departments/Ministries who provided data. I am thankful to source departments of State and Central Government.
