ECONOMIC ADVISER TO GOVERNMENT OF PUNJAB

Website : www.esopb.gov.in

FORWARD

The State Domestic Product representing the value of goods and services produced within the geographical boundaries of the State in a particular year is one of the most important indicators measuring the economic growth of the State

Economic & Statistical Organization prepares the estimates of Gross State Domestic Product, Net State Domestic Product and Per Capita Income at current and constant prices based on data from all the sectors of the State's economy. This handbook contains the disaggregated estimates of Gross State Domestic Product from 2004-05 to 2011-12 at Current and Constant (2004-05) Prices.

It is hoped this handbook would be highly useful to Policy Makers, Economists, Administrators, Planners and Research Scholars. Suggestions for the improvement of this report will be highly appreciated.

M.L. Sharma
Economic Adviser, Govt. of Punjab
